Mr. Thomas F. Goode, Proprietor Bufalo Lithia Springs, Virginia:

Two years ago I began to suffer with a severe and constant pain in my kidneys, which was soon followed by violent attacks, averaging about two a week, causing excruciating agony, from which I was frequently relieved by the discharge of stone of from four to six grains in weight: at other times by the passage of smaller stone, and sometime: by sand in considerable quantities.

I sought, but in vain, the best medical assistance, and as the result of this state of things I was reduced to such a condition that my medical advisers told me frankly that I had nothing to hope from remedies: that my condition was a hopeless one, and I looked to death alone for a termination of a miserable existence. Mr. J. L. Lyons, a druggist of New Orleans, about six months ago advised me to try the Buffalo Lithia Water, Spring No. 2, which I did. About a week after I commenced the use of it I had an attack of less than usual severity, in which I passed two small stones—one of which I placed in a tumbler of the water, and in about three hours found it dissolved to fine powder. That gave me confidence, and I determined to persevere in its use. I have had no attack whatever since, nor has there been any discharge of stone or sand.

The pain in my kicneys has entirely disappears; Ancient Languages, &c.; Ancient Languages, &c.; Jesor Robes Massie, of Richmond College, French and Germant HENRY TAYLOR, University of Virginia, Mathe-CHEEGES: Tuttion, exclusive of Ancient and Modern Languages, \$60 to \$70, according to ad-tracement (the age of twelve usually dividing the classed); Ancient Languages (one or both), \$15; Modern Languages, 60. M. DARNALL. OF GRIFFIN. GA.

[Extract from letter dated Griffin. Ga., March 6.
1879.]

"On the 12th day of April, 1878, I was called to see Mary, a child about sevan years of age, I found her with decided sever, distressing nausea, march ble thirst, a dry skin, very resiless torpid bowels, with extreme emaciation and deblinty. She was passing an unusual quantity of water, about three gallons per day.

"On examination I found it had the characteristic color and smell of diabetic urine. Under Trommer's test it yielded actual dant evidence of the presence of gincose (diabetic sugar). Its specific gravity was found to be 1630. Under trealment, she improved sufficiently to be sent to the Buffalo Lithm Springs of Virginia, we ich place she visited in the month of Augus, when her condition was so much improved that she returned home in the fall almost entirely tree from disease. She is now, March 6. 1879 (about a year from the attack), enjoying good health, lively, cheerful, and playful." CATION OF ALL THE OTHER DAILY NEWS-PAPERS OF THE CITY.

LOCAL MATTERS.

THE YORKTOWN CELEBRATION. - The First regiment and other Richmond commands have accepted the invitation to participate in the preliminary celebration at Yorktown on the 23d. It is expected that the North Atlantic fleet, six companies of regulars from Fortress Monroe, and the military from Norfolk, Portsmouth, and Williamsburg, and other towns, will also be present. The ceremonies of the 23d are expected to awake general public interest in the grand celebration to take place there in October, 1881, commemorating the centennial of

RELIEF OF INFLAMMATION AND ULCERATION OF THE BLADDER, AFTER THE LIFE OF THE PATIENT HAD BEEN DESPAIRED OF BY HIS MEDICAL ATTENDANT.

[Extract from letter of Dr. T. B. Greer, of Rocky Mount, Franklin county, Van of June 3, 1876.]

"I have recently had occasion to try the 'Lithia Water' in a case of Inflammation and Ulceration of the Bladder, caused by the retention of urine, the result of stricture of twenty years' standing. I had exhausted all the resources, both of experience and authority, without re ief, and when my patient commenced the use of it, had no hope of his recovery. He has been using the water five weeks, with

commenced the use of it had no hope of his recov-ery. He has been using the water five weeks, with re-ults of avorable that he now has every prospect of complete recovery, and without some unexpected change in his condition, will be on his feet in a short time. The effects of the water in this case have been marvellous. For the sake of humanity I shall keep a record of the case, and report to you as it adhost of friends.
